AMENDMENT C

^{#8}
In response to the Advisory Action of September 12, 2002 and in further
response to the Office Action of June 21, 2002, please amend the above-
identified application as follows:

In the Claims, please rewrite claim 1 as follows:

1. (TWICE AMENDED) A composition suitable for making acoustical
tiles in a water-felting process, said composition comprising a lightweight mineral
aggregate, cellulosic fiber, a binder and, optionally, mineral wool, said binder
consisting of up to 7.5% by weight of a reactive water-soluble epichlorohydrin
polymer binder and from 0 to 8% by weight of starch.
